Volunteers Needed! – Please join Friends of Flap in its effort to keep the pool open as it is a vital part of this community!

We need willing volunteers to sign up to help in different areas as fundraising events are developed.

Your donated time or effort can be baking or supplying a food donation, helping set up for an event, helping to run the event, clean up, contacting volunteers, or helping to advertise.

If you sign up, you will be contacted for each event. But please rest assured that just because you add your name to this list does not mean it is expected that you have to participate in every event. Step up when you can.

Thank you to all of our volunteers for the U.S. Olympic Splash Bash!

Splash Bash–

2008-2009 Warriors swim season!

For more information visit our website and click on the corresponding links. Here you will also find registration forms for both programs.

Unexpected Closures– In the event of an unexpected temporary closure of the pool due to weather, power outage, etc. It is our goal to get it posted on the website as soon as we learn of the closure. Please make habit to check the website before arriving at the pool (especially during stormy weather). Also, the Aquatic Director will usually send out an e-mail to patrons currently enrolled in any of our programs making them aware of the closure.
